

Annual Membership Program

The StopHazing Annual Membership program is designed with institutions in mind that are looking to bolster their existing efforts and engage in comprehensive hazing prevention, but may be currently lacking the financial and staff resources to join the [Hazing Prevention Consortium](#). Colleges and universities participating in the StopHazing membership program will receive access to impactful resources, trainings, and assessment tools to help prevent hazing within their campus community.

If interested in becoming an institutional member or you have any questions, please contact meredith@stophazing.org.

Includes:

- **Assessment**
 - Hazing Prevention Rubric
 - Hazing Prevention Website Assessment
- **Trainings**
 - StopHazing Webinar Subscription
