

StopHazing Membership & Webinar Subscription

To increase access to research-based hazing prevention guidance to colleges and universities, StopHazing has announced the creation of the StopHazing Annual Membership and Webinar Subscription programs for the 2021-2022 academic year and beyond. These programs build from the trailblazing work of the [Hazing Prevention Consortium \(HPC\)](#), a research-to-practice initiative to build an evidence base for hazing prevention, and are grounded in the [Hazing Prevention Framework \(HPF\)](#).
