October 18, 2024

Greetings Colleagues:

As the long-time Vice President of Student Life and Inclusive Excellence and Dean of Students at the University of Maine, I support the Stop Campus Hazing Act (H.R.5646/S.2901). This lifesaving legislation will amend the Clery Act to require colleges and universities to disclose hazing incidents in annual security reports, provide research-informed campus-wide prevention programs, and post hazing violation findings on their website to enhance transparency and consumer protection. Hazing is a persistent problem that causes harm and undermines the missions of postsecondary institutions. The Stop Campus Hazing Act will strengthen campus safety and help college and university leaders cultivate campus environments that support the health and well-being of all students. I invite you to join me and other colleagues in showing visible leadership for hazing prevention by supporting the Stop Campus Hazing Act as it moves to the U.S. Senate.

Our action now will serve as a visible statement of our commitment to the safety and wellbeing of all our students. Our joined voices will assuredly save lives.

Sincerely,

A handwritten signature in black ink, appearing to read 'RQ Dana', with a flourish at the end.

Robert Q. Dana

Vice President for Student Life and Inclusive Excellence, and Dean of Students
University of Maine
